

ECO FLOORING SYSTEMS

ECO FLOORING SYSTEMS PTY LTD INTRODUCES STYLE STRANDWOVEN PRODUCT TO PORTFOLIO

Eco Flooring Systems is delighted to announce that we are now the nominated wholesale distributor for the Style range of innovative strand woven bamboo flooring products in NSW and ACT.

With a track record of 12 years supplying the highest quality, eco friendly, solid laminated bamboo flooring to the Australia market, Eco Flooring Systems is now proud to take on the range of patented, Style strand woven products that sits in line with Eco Flooring's stringent quality and environmental credentials. Strand woven bamboo flooring is a very dense, solid floor available in T&G and a Uniclic floating floor, this will add a greater choice to our environmentally friendly bamboo flooring options.

Style is the only strand woven bamboo manufacturer with the Australian Good environmental Choice label. It is a major plus to find a strand woven bamboo product that offers such strong eco credentials from a reputable Australian supplier who owns the patents for strand woven technology and the exclusive Unilin lock system.

Style Lock –floating floor (130mmx1830x12mm) solid strand woven incorporating the world famous Uniclic locking system which requires no glue or nails for installation

Style Select T&G – solid (96x1830x12mm) strand woven board suitable for direct stick installation.

Available in coffee, natural and suede colours as well as an exciting designer colour range to enhance the design possibilities of our bamboo flooring range. (flint, saddle, gunstock, autumn and sienna).

For more information or if you are interested in retailing the Style products please call
