

- The exclusive supplier of BT Bamboo is the leader in bamboo flooring. They are committed to the manufacture of only the highest quality bamboo flooring with ISO 9002 quality assurance and a 10 year structural guarantee.
- BT Bamboo is produced with absolute precision and consistency ensuring an easy installation with snug joins and no gaps.
- BT Bamboo is UV cured and pre-finished with 7 coats using aluminium oxide. This means a perfectly smooth, dust free, sealed floor that is exceptionally tough and durable. No need for messy sanding, no fumes and no waiting.
- BT Bamboo uses only non toxic glues and water based coatings in a waste free manufacturing process which meets international environmental standards.
- BT Bamboo has a full range of accessories such as stair nosings and edge mouldings to complement your flooring.
- Eco flooring has a successful track record with BT Bamboo used in high quality domestic and commercial applications throughout Australia for over 8 years.

### WHY BT BAMBOO?

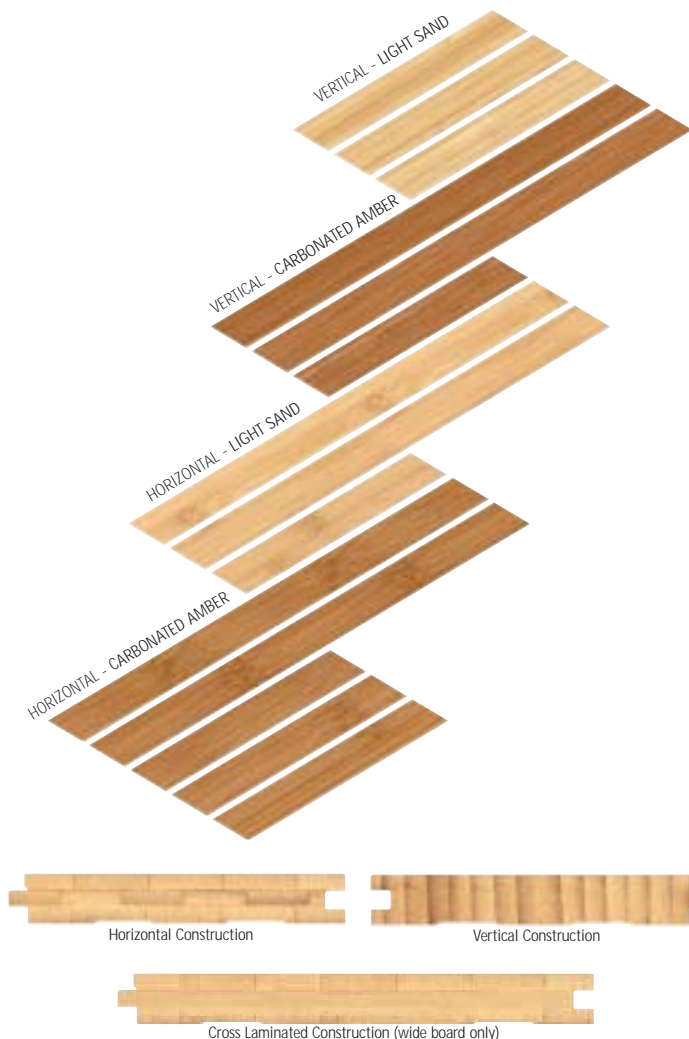

- Bamboo is an environmental alternative to conventional timber flooring
- Bamboo is fast growing and therefore a renewable and sustainable resource
- Bamboo is stronger, harder and more stable than most other hardwoods

### WHY BAMBOO?
